01

ONBOARDED ONCE

A single onboarding fee enables your machines and your access to Grand Vending OS — delivery, install, power-up, and provisioning, handled. No lease, no equipment purchase.

02

STOCKED BY DEMAND

A curated, rotating mix your floor actually wants — kept full on a reliable route schedule.

03

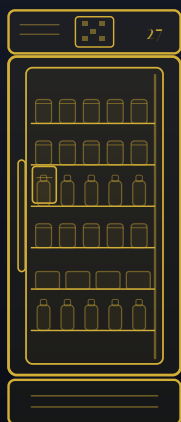

SERVICED LOCALLY

Restocking, cleaning, payment upkeep, repairs — all on us. A real person answers, not a call center.

ONE-TIME ONBOARDING

THE DEMAND-DRIVEN SYSTEM

THE MACHINE

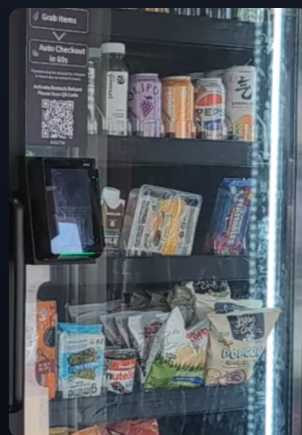

ONE SMART COOLER

Snacks, cold drinks & fresh food — one machine does it all.

Tap, open, grab — take what you want; the machine charges as the door closes.

Snacks, drinks & fresh together — chilled to keep grab-and-go food and cold drinks right.

Cashless-first — tap, swipe, or mobile pay comes standard.

THE SHELF

WHAT'S INSIDE

A curated mix, tuned to your floor.

Snacks & essentials — the everyday lineup, refreshed on route.

Cold drinks — sodas, waters, energy, and better-for-you picks.

Fresh grab-and-go — tracked and rotated before it ages out.

YOUR FLOOR VOTES THE MENU — CRAVE OR SKIP

Every machine runs on Grand Vending OS, our demand engine. Employees taste and vote **Crave** or **Skip**, every vote and purchase feeds a live demand score, and the shelf follows it. The machine earns its menu — nothing stays that your floor skips.
